MEMBER OUTCOME

Final result & commentary

INDIVIDUAL RESULT			LETTER GRADE & GPA SCALE			
Final weighted average			A+	95–100%	4.00 GPA	Excellent
			A	90–94.9%	4.00 GPA	Excellent
			B+	85–89.9%	3.50 GPA	Very good
			B	80–84.9%	3.00 GPA	Good
			C+	75–79.9%	2.50 GPA	Above average
			C	70–74.9%	2.00 GPA	Satisfactory
			D	60–69.9%	1.00 GPA	Pass
			F	Below 60%	0.00 GPA	Not passed
Letter grade	Final average GPA	Grading weights				
D	1.00	100 / 100%				

“

FINAL COMMENTARY · MEMBER AND GROUP

MUTIMUTUJE Hope earned 64.53% (D; 1.00 GPA), including 85.0% for the final prototype; their weekly score moved from 56.0% in Week 1 to 76.0% in Week 8. In Nazli Tech School’s rigorous Green Sip Tech Talk, part of the Rwandan Code Hills 1001 program, the Umucocore group initially struggled to meet expectations, which lowered its overall average, but worked hard and persevered. Progress was evident from Week 3; by Weeks 7–8 the group had prepared Umucocore, a bespoke Rwandan stationery kit, and met the final product expectations. Nazli Tech School has selected the group for continued training to refine the brand for sales and complete the Code Hills app for users in Rwanda and beyond. We commend this member and the group as they work to grow Umucocore across Rwanda, Africa, and beyond.
